

TEMPLATE CUSTOMIZATION

Making SnapTracker a reflection of Your Business

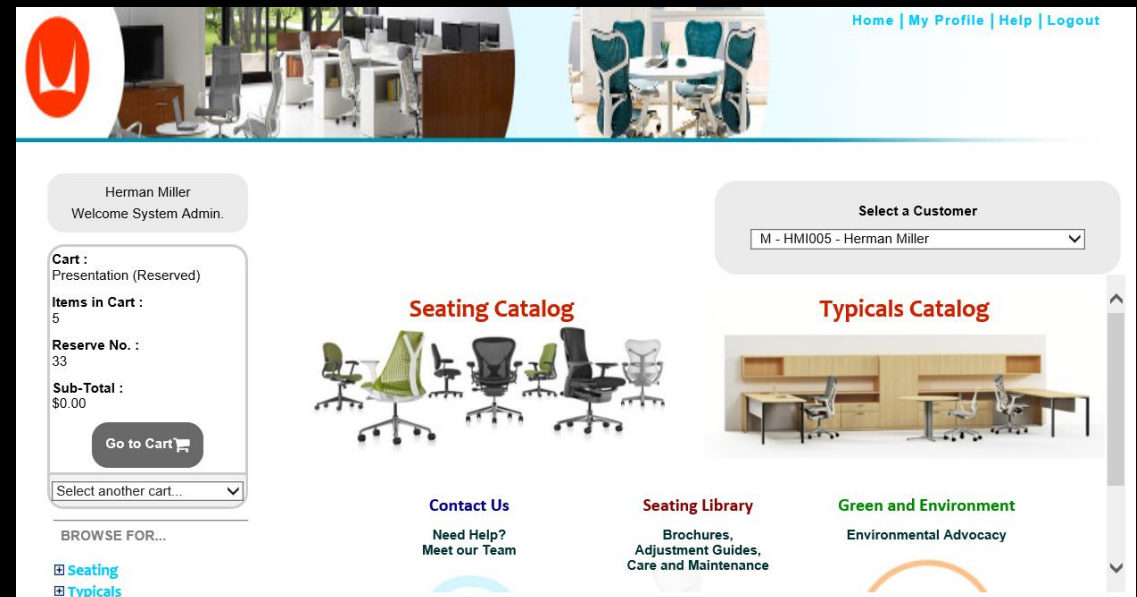

WHY CUSTOMIZE

- Branding is an integral part of good business
- It creates a strong relationship between you and you're clients
- When you take the time to personalize your client's experience it shows a stronger commitment to your business partnership
- It also looks very professional

DO I HAVE TO BE A HTML MASTER TO DO THIS?

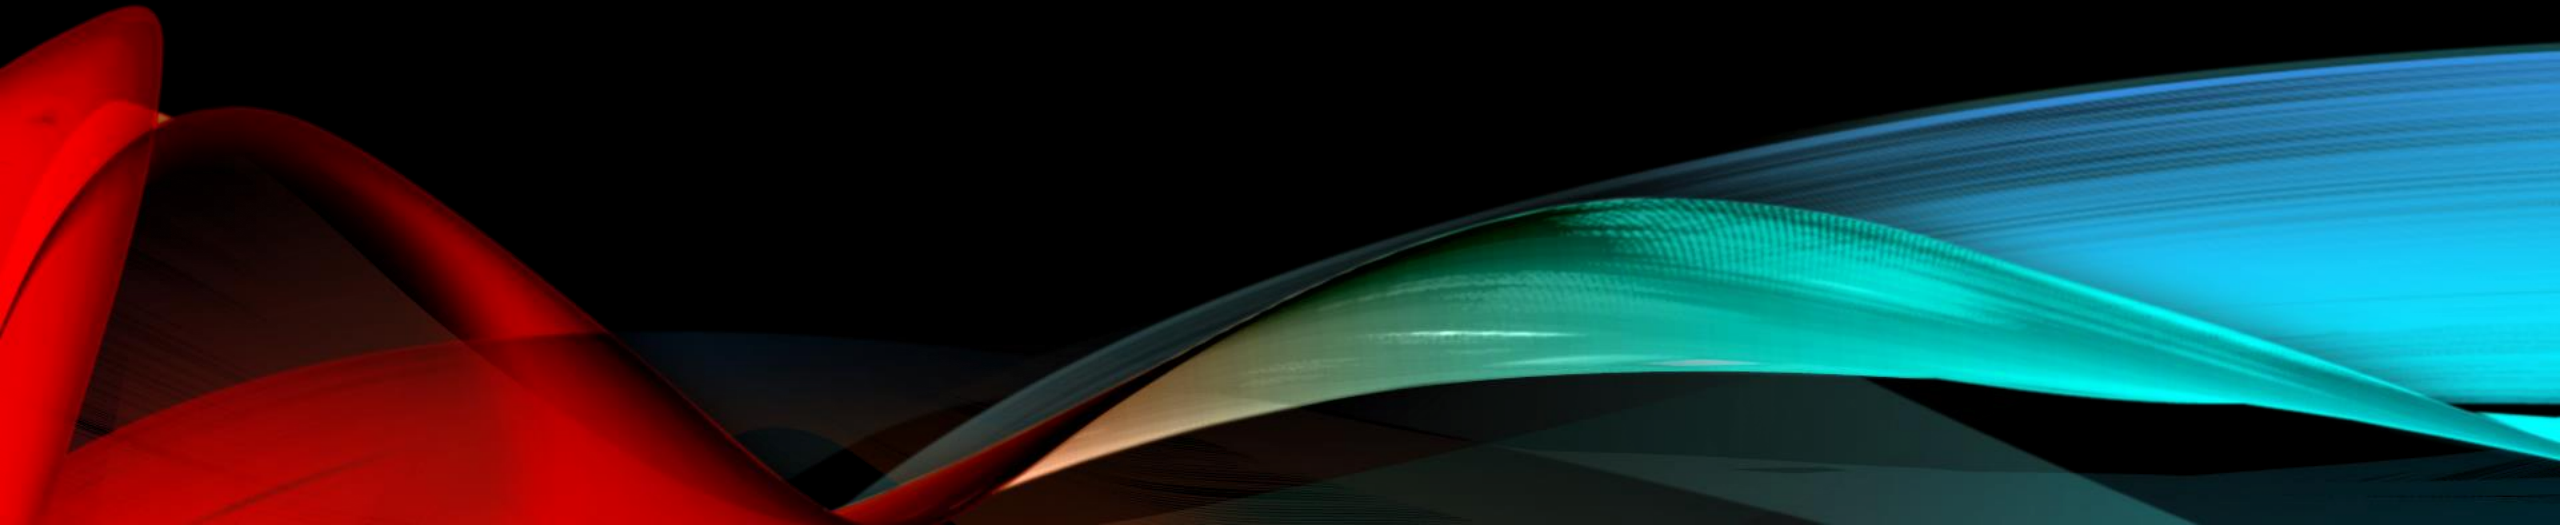

- Customization can be a straightforward process
- You don't have to apply any HTML code
- It's as simple as replacing some basic graphics

ESERVICE'S
